ROOT & CODE HACKATHON PRIVACY POLICY

Vakıf Katılım Bankası A.Ş. (“Vakıf Katılım”), BİLİŞİM VADİSİ TEKNOPARK Yönetici A.Ş. (“Bilişim Vadisi”), and 42 Türkiye Software Schools (“42 Türkiye”), operating within Bilişim Vadisi, are collaborating to organize the Root & Code Hackathon for eligible students enrolled at campuses across the 42 campuses around the world. While 42 Türkiye is one of the organizing partner institutions, participation in the Hackathon is open to eligible students throughout the 42 Network.

The main objective of the Root & Code Hackathon is to support participants’ technological and software development, encourage the creation of innovative financial technologies and digital solutions, provide mentorship, and contribute to the implementation and recognition of successful projects developed by individuals and teams. The physical Root & Code Hackathon phase will be held in person in Istanbul, Türkiye.

Vakıf Katılım, Bilişim Vadisi, and 42 Türkiye process the personal data of contestants and participants throughout the competition application process, technical evaluation, organization, physical/online phase, and final presentations, within the scope and purposes stated in this Privacy Notice. In accordance with the Law No. 6698 on the Protection of Personal Data (“KVKK”) and the European Union General Data Protection Regulation (EU) 2016/679 , Vakıf Katılım Bankası A.Ş., Bilişim Vadisi, and 42 Türkiye act as joint data controllers in the processing of personal data.

1. What Kind of Data Do We Collect?

The personal data we process within the scope of the Root & Code Hackathon process are categorized as follows:

- **Your Identification Information:** Name, surname, Turkish Republic ID number (passport/foreign ID number for foreign nationals), date of birth (day/month/year), gender, signature.
- **Your contact information:** Phone number, personal email address, city/district of residence.
- **42 Network & Your Education Information:** 42 Intra username (login), registered campus, current level/stage (Current Level, Common Core progress), university and department information, if any.
- **Your Professional and Technical Experience Information:** GitHub/GitLab profile, LinkedIn profile, technical skills (programming languages, frameworks, database experience, etc.), portfolio information, past project experience.
- **Project and Competition Information:** Team name, role and title within the team, project name, the problem it addresses and the proposed solution, source code, architectural documentation, presentation files/videos, program goals and expectations.
- **Health Information:** Your health status, chronic illnesses, and allergen information are shared to prevent situations that could affect the health of other participants during the hackathon's physical camp and marathon phases (48 hours of continuous work, etc.), to facilitate possible emergency medical interventions, and to plan organizational catering.
- **Your Visual and Audio Recordings:** Photo recordings, video recordings, live broadcast or session recordings taken during online activities or the in-person Root & Code Hackathon phase in Istanbul, mentoring meetings, workshops, and final presentations.

2. Where and how do we obtain this data?

Your personal data is collected, wholly or partly through automated means or non-automated methods as part of a data recording system, through the following channels:

- By completing the event application form yourself, either physically or electronically (via website, application platform, etc.),
- By submitting information about team members as part of an application by your team captain or project manager,
- 42 Network student verification systems and Intra records,
- Communication processes are carried out via email, call centers, messaging platforms (Discord, Slack, etc.) or telephone,
- Through security cameras used to ensure physical and spatial security at the venue in Istanbul where the in-person Root & Code Hackathon phase will be held.
- Through our social media accounts, corporate websites, and press and media channels.

3. Our Purposes and Legal Reasons for Processing Data

Your personal data is processed in accordance with the data processing conditions (legal grounds) specified in Articles 5 and 6 of Law No. 6698 on the Protection of Personal Data (KVKK) and the European Union General Data Protection Regulation (EU) 2016/679, as outlined in the table below:

Article 5/2-c (Performance of the contract) Article 5/2-c (Fulfillment of legal obligation)

4. With whom and for what purposes do we share the data?

Your collected personal data will be processed in accordance with the provisions on the transfer of personal data regulated in Articles 8 and 9 of the KVKK (Law on Protection of Personal Data) and the applicable provisions of the General Data Protection Regulation (EU) 2016/679 (GDPR):

- Vakıf Katılım Bankası A.Ş., Bilişim Vadisi, and 42 Türkiye officials, relevant employees, and the organizing committee, who are the joint data controllers,
- With independent jury members and technical mentors appointed to ensure impartial evaluation of the projects,
- The event, the introduction of the competitors and the projects developed, press releases and ecosystem news will be shared with the public, press organizations and social media followers (by making visual/auditory data public),
- In order to process award payments and complete taxation and accounting procedures, we will cooperate with authorized financial/banking institutions.
- With authorized service providers and venue officials, where necessary, for the organization security, catering, technical operations, and on-site management of the in-person Root & Code Hackathon phase to be held in Istanbul, Türkiye.
- For the purpose of fulfilling legal obligations or resolving legal disputes, judicial authorities, law enforcement agencies, and legally authorized public institutions and organizations,
- It may only be shared for the purpose of transmission and within limited scope.

5. Storage and Destruction of Personal Data

Your personal data is securely stored for the periods required by the processing purposes, as well as for the statutes of limitations and retention periods stipulated in the Turkish Code of Obligations, the Turkish Commercial Code, Banking Regulations, and other relevant legal regulations. Data controllers take all necessary technical and administrative measures (encryption, authorization matrix, firewalls, etc.) to prevent unlawful processing and access to data. When the processing justification and legal retention period expire, the data is destroyed in accordance with the Regulation on the Deletion, Destruction, or Anonymization of Personal Data through periodic destruction processes.

6. Your Rights Under the Personal Data Protection Law (Article 11)

As a data subject, you have the following rights under Article 11 of the KVKK (Law on Protection of Personal Data) and the applicable provisions of the General Data Protection Regulation (EU) 2016/679 (GDPR):

1. To find out whether your personal data is being processed,
2. You have the right to request information regarding the processing of your personal data.
3. To learn the purpose of processing personal data and whether it is being used appropriately for that purpose.
4. Knowing the third parties to whom your personal data is transferred, whether domestically or internationally.
5. You have the right to request the correction of your personal data if it has been processed incompletely or inaccurately.
6. You have the right to request the deletion or destruction of your personal data within the framework of the conditions stipulated in Article 7 of the KVKK (Türkiye's Personal Data Protection Law No. 6698).
7. Requesting that correction, deletion, and destruction operations be notified to third parties to whom the data has been transferred,
8. You have the right to object to an outcome that is unfavorable to you, resulting solely from the analysis of processed data by automated systems.
9. You have the right to claim compensation for damages you have suffered as a result of the unlawful processing of your personal data.

You can submit your requests regarding the rights mentioned above in accordance with the Communiqué on the Procedures and Principles for Applications to the Data Controller, through the official communication channels, KEP addresses, or physical application methods of the joint data controllers. Your applications will be processed free of charge within a maximum of 30 (thirty) days. For requests concerning your personal data, you may contact 42 Türkiye at conctact@42turkiye.com.tr.
